

The Cabinet of Soft Assets

A fictional research packet staging the language of diligence, institutions and value. It has no legal or commercial effect and does not describe a real service.

01	Access to speculative sector dossiers
02	Annotated visual comparisons
03	Fictional participant quotations
04	A transparent note on the work's invented context

FICTION NOTICE - All names, packages, descriptions and identifiers in this PDF are invented for an art project. Nothing in this document offers or provides financial, legal, tax, payment, investment or client-account services.
